- Parents (with resident status) in Switzerland must insure their children under the LAMal sickness and accident insurance scheme; they are responsible for all contact and communication with the health insurance provider and provide the school with the necessary information.
- Prior to the student's arrival, parents have to send the administrator a health questionnaire completed by their family doctor.
- The insurance company used by JFK may, on the basis of the health questionnaire, decide not to insure a student; in such cases our specialist staff will be in contact with the family to decide on appropriate alternatives.
- JFK undertakes all administration relating to boarding student medical insurance. Medical / dental treatments not covered by the insurance will be debited from the student's account. 10% of the doctor's invoice will be billed to the boarder (for medical treatments that are covered by the insurance). Dental check-ups and treatments will be recharged to the student's account.
- This insurance provides private cover in all Swiss hospitals; during visits abroad (trips, holidays), treatment is covered up to the cost of equivalent treatment in Switzerland. Dental fees are not covered except as a result of an accident. Orthodontic treatment is covered with certain conditions and limits attached. The insurance policy is effective from 1st September to 31st August. Details of the Terms & Conditions may be requested from the administrator.
